Dear *Susan*

I am writing to thank you for the excellent work you did on our behalf for the Disability Business Awards held late last year.

We have been associated with your company now for over two years and you have been responsible for raising the public awareness of the services offered by East Sussex County Council for people with severe disabilities. You have persuaded us to be imaginative and positive in our public relations and marketing techniques and as a result many more people are aware of the services we offer.

The newsletter that you produce for all the County Council staff has been very informative and the effect on the recruitment of disabled people to County Council jobs has increased significantly as a result. Your company has increased our press coverage to such an extent that many organisations are seeking access to our services and understand the role we play in assisting disabled people into employment.

The Disability Business Award was a tremendous success and has provided a great platform for future events which will be held on a regular basis. 1994 was the first year of this event and the response from industry and the public sector was very impressive.

Many thanks for bringing you skill and considerable experience in the PR field to our organisation and I look forward to our relationship continuing for many years to come.

Yours sincerely

M J Barratt. General Manager.
